
Microsoft Office 2007 Enterprise USB Edition Free Download !FULL!

I have MS Office 2007 Enterprise, including Word, Powerpoint and Excel, running through USB and using only 292 MB. I have access to the Internet through a wireless network. I want to use it on other computers that don't have admin rights. Is it possible? Or, if not, is there a way to back up these files online so that I can reinstall them on any other computer? (I don't want this installed on my computer unless I have the password to remove it.) You can create a USB flash drive to store Word, PowerPoint, and Excel backups, and
